Section 3.1 Zone Classifications

A. List of Zones

For the purpose of providing a uniform basis for zoning, the following zone classifications, referred to alternately herein as zones, may be applied to the land in the City of Eastvale.

1. Residential and Agricultural Zones

- A-1 – Light Agriculture
- A-2 – Heavy Agriculture
- R-A – Residential Agricultural
- R-R – Rural Residential
- R-1 – One-Family Dwellings
- R-2 – Multiple Family Dwellings
- R-3 – General Residential
- PRD – Planned Residential Developments
- R-5 – Open Space Combined Zone - Residential Developments
- R-6 – Residential Incentive
- R-T – Mobile Home Subdivision and Mobile Home Park

2. Commercial, Business Park, and Industrial Zones

- C-1/C-P – General Commercial
- C-P-S – Scenic Highway Commercial
- C-O – Commercial Office
- I-P – Industrial Park
- M-SC – Manufacturing - Service Commercial
- M-M – Manufacturing - Medium
- M-H – Manufacturing – Heavy

3. Special Purpose Zones

- W-1 – Watercourse, Watershed, and Conservation Areas
- S-P – Specific Plan

B. Zone Classifications Boundaries

Where uncertainty exists as to the boundaries of any zone classification, the following shall apply:

1. Where boundaries are indicated as approximately following street lines, alley lines, or lot lines, such lines shall be construed to be boundaries;
2. Where boundaries divide lots, the location of such boundaries shall be determined by use of the scale appearing on the underlying map, unless the boundaries are indicated by specific dimensions;
3. If any public street, alley, or other right-of-way is vacated or abandoned, the land formerly in such street, alley, or right-of-way shall be included within the boundaries of the zone classification applicable to the adjoining property on each side. In the event such street, alley, or right-of-way was a zone classification boundary, the new zone classification boundary shall be the former center line of such street, alley, or right-of-way.

C. Allowed Uses

The terminology used in Section 3.1 of this code is general only and is not intended to be descriptive of all uses allowed in the zone classifications. The zone classifications are specifically set forth in the subsequent articles of the code to which reference should be made to determine all the uses permitted therein. When a use is not specifically listed as permitted or conditionally permitted in a zone classification, the use is prohibited unless, in circumstances where this code empowers him or her to do so, the Planning Director makes a determination that the use is substantially the same in character and intensity as those uses permitted or conditionally permitted in the zone classification.

Section 3.2 Residential and Agricultural Permitted Uses and Development Standards

A. Purpose

The purpose of this section is to establish agricultural and residential zones in the city, along with allowed uses and development standards applicable to those zones.

B. Permitted Uses

The permitting requirements identified in **Table 3.2-1** are:

Permitted (P). A land use shown with a “P” indicates that the land use is permitted by right in the designated Zoning District, subject to compliance with all applicable provisions of this Zoning Code (e.g., development standards, Development Review). Uses or activities that are incidental to a permitted use are permitted along with a primary use (e.g., a pole barn that stores tractors within an agricultural zone). Accessory uses that are included as part of or adjacent to a primary use, but not traditionally related to that use (e.g., retail store as part of a farming operation), are only permitted or conditionally permitted if so listed on the use matrix.

Conditional (C). A land use shown with a “C” indicates that the land use is permitted in the designated zones upon issuance of a conditional use permit from the designated approving authority, subject to compliance with all applicable provisions of this Zoning Code (e.g., development standards, Development Review).

Not Permitted (“blank”). A land use shown with a “blank” in the table is not allowed in the applicable zones. Uses not shown in the table are not permitted. Please refer to Section 1.5.a Official Zoning Interpretation, when a specific use is not listed.

Included in **Table 3.2-1** are the following categories:

Residential Uses	page 3-5
Recreation, Education, and Public Assembly Uses	page 3-6
Retail and Consumer Service Uses	page 3-6

C. Development Standards

The following development standards are applicable to the agricultural and residential zones. These standards, along with other development standards (e.g., landscaping requirements, signs, and parking standards) are intended to assist property owners and project designers in understanding the City’s minimum requirements and expectations for high-quality development.

Note to the reader: prior to adoption of this Code, the PRD zone was referred to as the R-4 zone.

In addition to these development standards, the standards of the Countywide Design Guidelines adopted by the City shall also apply. In the event of a conflict between this Zoning Code and the Countywide Design Guidelines, the more stringent standard shall apply.

Footnotes

- ^{1.} *Development standards will be established as set forth in the Planned Residential Development. Density is established by the Eastvale General Plan.*
- ^{2.} *Minimum lot area shall be determined by excluding that portion of a lot that is used solely for access to the portion of a lot used as a building site (e.g. flag lot).*
- ^{3.} *The portion of a lot used for access on flag lots shall have a minimum width of 20 feet*
- ^{4.} *No structural encroachments shall be permitted in the front, side, or rear except as provided for in Section 5.2 of this code.*
- ^{5.} *Street side yards shall be measured from the existing right-of-way or from any future right-of-way on any public or private street.*
- ^{6.} *No one-story building shall be closer than 10 feet to any other one-story main building on the same lot, no two-story main building shall be closer than 15 feet to any other two-story main building on the same lot and no three-story main building shall be closer than 20 feet to any other main building on the same lot.*
- ^{7.} *The minimum side yard shall be 5 feet for buildings that do not exceed 35 feet in height. Any portion of a building which exceeds 35 feet in height shall be set back from each side lot line 5 feet plus 2 feet for each (1) foot by which the height exceeds 35 feet; if the side yard adjoins a street, the side setback requirement shall be the same as required for a front setback. No structural encroachments shall be permitted in the front, side, or rear yard except as provided in Chapter 5 of this Code.*
- ^{8.} *The allowable density of a project will be determined by the physical and service constraints of the property and the area in which the property is located; however, the density of each approved development must exceed 4 units per gross acre.*
- ^{9.} *Setbacks, building separations, lot size and lot coverage shall be approved as part of the design of the project and as provided in Section 4.2 of this Code.*
- ^{10.} *The minimum front and rear yards shall be 10 feet for buildings that do not exceed 35 feet in height. Any portion of a building which exceeds 35 feet in height shall be set back from the front and rear lot lines no less than 10 feet plus 2 feet for each (1) foot by which the height exceeds 35 feet. The front setback shall be measured from any existing or future street line as shown on any specific street plan of the city. The rear setback shall be measured from the existing rear lot line or from any recorded alley or easement; if the rear line adjoins a street, the rear setback requirement shall be the same as required for a front setback.*

Section 3.3 Commercial and Industrial Permitted Uses and Development Standards

A. Purpose

The purpose of this section is to establish zones in the city that support commercial and industrial uses.

B. Permitted Uses

The permitting requirements identified in **Table 3.3-1** are:

Permitted (P). A land use shown with a “P” indicates that the land use is permitted by right in the designated Zoning District, and subject to compliance with all applicable provisions of this Zoning Code (e.g., development standards, Development Review). Uses or activities that are incidental to a permitted use are permitted along with a primary use (e.g., a bakery within a grocery store). Accessory uses that are included as part of or adjacent to a primary use, but not traditionally related to that use (e.g., bakery within a factory), are only permitted or conditionally permitted if so listed on the use matrix.

Conditional (C). A land use shown with a “C” indicates that the land use is permitted in the designated zones upon issuance of a conditional use permit from the designated approving authority, and subject to compliance with all applicable provisions of this Zoning Code (e.g., development standards, Development Review).

Not Permitted (“blank”). A land use shown with a “blank” in the table is not allowed in the applicable zones. Uses not shown in the table are not permitted. Please refer to Section 1.5.a Official Zoning Interpretation, when a specific use is not listed.

C. Development Standards

The following development standards are applicable to the commercial and industrial zones. These standards, along with other development standards (e.g., landscaping requirements, signs, parking standards) are intended to assist property owners and project designers in understanding the City’s minimum requirements and expectations for high-quality development.
